LOADSPACE

SPACE STORY. YOU'RE IN UNEXPLORED TERRITORY WITH THE CITROËN BERLINGO'S LOAD VOLUME AND SUPER-FLEXIBLE CAPACITY. UP TO 830KG PAYLOAD AND A SERIOUSLY USEFUL 4.1 CUBIC METRES OF INNER SPACE ON PANEL VANS.

VITALLY, THIS MEANS THAT TWO EUROPALLETS CAN BE LOADED STRAIGHT IN. WE DON'T HAVE TO TELL YOU HOW MUCH EASIER LIFE HAS JUST BECOME...

Berlingo

ACCESSING THIS INNER WORLD IS MADE EASY BY REAR DOORS THAT SWING OUT TO LEAVE A YAWNING 180 DEGREE OPENING – PERFECT FOR BACKING RIGHT UP TO LOADING BAYS.

› EVERYTHING IN ITS PLACE

The Citroën Berlingo features numerous load retention configurations, so whatever you need to transport, you can do so safely with minimal hassle.

› SPARK OF INNOVATION

In the Citroën Berlingo LX, XTR+ and Enterprise models you also get a removable and rechargeable torch that's always there when you need it – such as when you're looking for tools in the pitch dark. It's pure original thinking.

CITROËN BERLINGO

EVERYDAY
FEATURES

› THE BULKHEAD

A range of bulkheads are available, including an easy to configure half-height steel bulkhead with removable panel. This helps you divide up the loadspace how you need to – this is modularity at its very best.

› MAKE SHORT WORK OF LONG LOADS

Place the removable bulkhead panel behind the driver's seat, fold forward the passenger seat and you've freed up enough space to take really long, awkward loads.

› SECURE AND PROTECTED

The Citroën Berlingo's load space features six chrome-plated anchorage points and LX (excluding e-HDi 90 Airream EGS6 L1 625), XTR+ and Enterprise models have a tough synthetic floor cover to shrug off scuffs.

IT'S YOUR STORY. THE CITROËN BERLINGO IS INGENUOUSLY FLEXIBLE SO THAT ANYTHING YOU NEED TO LOAD AND CARRY CAN BE SWALLOWED WITHOUT A HEADACHE.

A BIG, UNINTERRUPTED LOAD FLOOR AND A CABIN PACKED WITH NEAT MODULAR FUNCTIONS MEAN THAT THIS IS A HARD WORKING VAN THAT ADAPTS TO YOUR NEEDS. FOR ULTIMATE EASY LOADING, NEARSIDE SLIDING SIDE LOADING DOOR IS STANDARD ON L1 LX, XTR+ AND ENTERPRISE MODELS AND ALL L2 MODELS FEATURE TWIN SLIDING SIDE LOADING DOORS. BOTH ARE OPTIONAL ON L1 X MODELS.

> BLUE SKY THINKING

The optional opening roof flap on L1 versions allows you to carry awkward long loads whilst keeping all doors securely locked.

> REINVENTING THE SEAT

The Citroën Berlingo LX, XTR+ and Enterprise's modular EXTENSO® cabin is truly in the Citroën innovative tradition.

> MOBILE OFFICE

The middle seat backrest can be folded forward to provide you with a desk on the move, whilst the passenger seat base folds up cinema-style to accommodate a fragile load in the footwell. You can fold the passenger seat completely flat to take on a load up to 3m on L1 versions and 3.25m on L2 versions.

> CREW VAN

If you need to transport extra personnel, the Citroën Berlingo Crew Van offers maximum flexibility. Its ingenious design features a rear bench seat and headrests for three crew members with an integrated protective mesh upper bulkhead, separating them from the load area behind. If unoccupied, the bench can be folded fully and tipped on end as the bulkhead slides forward. This creates a bulkhead behind the front seats, protecting the front passengers and opening up the load area to 3.35m³.

WORK IN YOUR COMFORT ZONE. GET BEHIND THE WHEEL OF YOUR NEW CITROËN BERLINGO AND YOU'LL QUICKLY APPRECIATE THE TACTILE QUALITY AND FINISH OF YOUR SURROUNDINGS.

BIG ON COMFORT, THIS IS A SERIOUS WORK SPACE, WITH ERGONOMIC EFFICIENCY BRINGING YOU A PERFECTLY PLACED GEAR LEVER, HEIGHT AND REACH ADJUSTABLE STEERING WHEEL AND A HEIGHT-ADJUSTABLE DRIVER'S SEAT STANDARD ON ALL MODELS. NATURALLY THIS COMFORT ZONE IS ALSO HIGHLY PRACTICAL. FROM THE GLOVE BOX TO AN UNDER-SEAT DRAWER, YOU'LL FIND THERE'S A PLACE FOR EVERYTHING.

> INSTANT ACCESS

A storage compartment under the driver's seat is ideal for those items that you need to access fast.

> YOU'RE IN CONTROL

The multi-function on-board trip computer is linked to the audio system and brings you information such as distance travelled or average fuel consumption. The Bluetooth® system with USB socket, standard on Enterprise and optional on other models, lets you make and receive calls without your eyes leaving the road.

> FOR YOUR EYES ONLY

A feature of the EXTENSO® cabin is a 7.5 litre storage box that sits safely under the middle seat – away from view.

> I.V.E. AT WORK

The RDS stereo radio/CD player is MP3 compatible and can be linked to a 5-CD autochanger that's available as an accessory. Speakers are mounted in the front doors. Make In Van Entertainment part of your working day.

> BETWEEN THE SEATS

Standard on X models is a quickly removable 13 litre storage compartment that sits between the front seats.

› EVERYTHING IN ITS PLACE

The Citroën Berlingo features a 4.1 litre glove box behind the steering wheel – practical and perfectly placed.

› OVER AND ABOVE

The full width overhead storage shelf is tailor-made for folders and paperwork and easy to access.

› AT YOUR FINGERTIPS

Around the height and reach adjustable steering wheel are grouped quickly accessible controls and plenty of useful stowage spaces.

› YOUR ENVIRONMENT

Choose air conditioning for the right temperature throughout the seasons.

THE BALANCE OF POWER. EACH CITROËN BERLINGO BRINGS YOU A BALANCE OF PERFORMANCE, RELIABILITY AND ECONOMY.

BUT OUR CHOICE OF PETROL AND DIESEL ENGINES DON'T ONLY WORK FOR YOU: THEY WORK HARD TO MINIMISE ENVIRONMENTAL IMPACT TOO, AS YOU WOULD EXPECT FROM A MANUFACTURER WHOSE ENVIRONMENTAL CREDENTIALS ARE AMONGST THE VERY BEST.

With the proven credentials and environmental performance of Citroën HDi direct injection engines as inspiration, e-HDi adds a new environmental dimension with a smooth, simple Stop & Start system. The results are a dramatic reduction in both fuel consumption and CO₂ emissions, combined with responsive performance wherever you go.

THE SAFETY EXPERT. CITROËN BERLINGO SPECIALISES IN YOUR SAFETY. IT'S PACKED WITH TECHNOLOGY – BOTH STANDARD AND OPTIONAL – THAT'S WORKING HARD ON YOUR BEHALF.

THERE'S CRUISE CONTROL WITH DRIVER ADJUSTABLE SPEED LIMITER, ANTI-LOCK BRAKING SYSTEM (ABS), ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD) AND ELECTRONIC STABILITY PROGRAMME (ESP). SAFE, ADVANCED, PIONEERING, A PROTECTIVE WORK MATE: IN OTHER WORDS A CITROËN VAN.

> GOOD START

The Hill Start Assist function makes smooth, safe hill starts a certainty. Linked to the Electronic Stability Programme (ESP) standard on e-HDi 90 Airdream EGS6 models, it holds your vehicle long enough for you to shift from brake to accelerator and get going.

> AIRBAGS

A driver's airbag is standard on all models and up to three additional airbags can be specified, giving both front and lateral protection. A double airbag, standard on e-HDi 90 Airdream EGS6 models, optional on all others, looks after your passengers in the event of an impact.

> ANTI-LOCK BRAKING SYSTEM (ABS)

With car-like roadholding and Anti-lock Braking System (ABS) as standard, the Citroën Berlingo is designed to keep you out of danger in all conditions.

WHICH CITROËN BERLINGO? THAT'S YOUR BUSINESS. THERE ARE NO COMPROMISES IN THE FANTASTIC CITROËN BERLINGO RANGE, SIMPLY CHOICES. YOU'LL KNOW WHICH SPEC IS RIGHT FOR YOUR NEEDS.

THERE ARE FOUR MODELS TO CHOOSE FROM – X, LX, XTR+ AND ENTERPRISE. WHICHEVER YOU GO FOR YOU'LL GET ABS, VARIABLE POWER ASSISTED STEERING, HEIGHT AND REACH ADJUSTABLE STEERING WHEEL AND PLENTY MORE BUSINESS FOCUSED EQUIPMENT. TO MAKE A CITROËN BERLINGO YOUR CITROËN BERLINGO, WE ALSO OFFER NUMEROUS OPTIONS, ALL DESIGNED TO MAKE WORK ON THE MOVE EASIER, MORE ENJOYABLE AND EXTRA EFFICIENT.

A hard working van must carry loads safely, securely and effortlessly. The Citroën Berlingo offers a range of bulkheads, including the standard ladder frame (A) and half-height modular bulkheads, available with upper mesh (B+C), which separates the load compartment from the cabin. The upper mesh grille provides substantial protection for the driver and passengers, even when carrying a variety of small items. The removable panel is easily stored (C) to accommodate loads up to 3.25 metres long.

> TWIN SLIDING SIDE LOADING DOORS

Choose the twin sliding side loading door option and you create a Citroën Berlingo with total accessibility. Its generous load space will be that much easier to use – from just about any angle.

> REAR PARKING SENSORS

Parking your van shouldn't add to the burden of a busy day. Optional rear parking sensors let you manoeuvre safely and quickly into the tightest spots, fully aware of hidden obstacles. Job done.

CITROËN HAS ALWAYS BEEN AT THE FOREFRONT OF GREENER TECHNOLOGY AND THE CITROËN BERLINGO MAINTAINS THAT TRADITION. IT'S WHY WE ARE THREE TIME WINNERS OF THE GREEN FLEET LCV MANUFACTURER OF THE YEAR, INCLUDING THEIR MOST RECENT, 2011 AWARD. TODAY, WE HAVE ONE OF THE UK'S WIDEST RANGES OF LOW EMISSION VEHICLES. WE ALSO PRODUCE ONE OF THE UK'S MOST ECONOMICAL LIGHT COMMERCIAL VEHICLES, THE CITROËN NEMO VAN.

> ELECTRIFYING. HOWEVER YOU LOOK AT IT

Forget what you know about electric cars. Citroën Survolt concept combines undiluted glamour with advanced sporting dynamics, then adds a 100% electric drivetrain. Outside, LED lights, voluptuous curves, two-tone charcoal and fuchsia paintwork, and a race-inspired rear spoiler meet your gaze. Inside, a stunning blend of curved chrome, swooping glass, high technology and organic forms welcomes you to an entirely new place. But this is no simple styling exercise. At heart, Survolt is even more radical, because although it is designed to thrill, it is powered purely by silent, efficient, clean electricity.

> AIRDREAM – A BENCHMARK

When it comes to the environment we wanted to show our genuine commitment as well as our profound expertise, so we have devised a benchmarking scheme with the signature 'Airdream'. To qualify for the Airdream signature, vehicles must have an e-HDi (which denotes an HDi engine with Stop & Start micro hybrid technology) or an electric engine.

CITROËN BERLINGO

GLOSSARY & DIMENSIONS

› HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO₂ emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engine vehicles.

› ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the vehicle to continue being steered and therefore controlled during this braking incident.

› GUIDE-ME-HOME HEADLAMPS

Parking in the evening or in a poorly lit car park is made easier with Citroën's 'guide-me-home' system. On locking the vehicle the headlights stay on for a few seconds to allow you time to get to your front door or garage exit with sufficient illumination to navigate your way safely.

› CONNECTING BOX

Integrated Bluetooth® hands-free phone function with USB socket and jack to plug in a portable MP3 player.

› SMARTNAV

Smartnav is a unique journey management system, a touchscreen satellite navigation unit which uses real-time traffic and road incident data to provide the best available route, which is then updated in response to evolving traffic conditions. Destinations can be entered on-screen by address or postcode. Mapping updates and new speed camera locations are downloaded instantly to the vehicle, ensuring routes are planned using the latest information. The Trackstar feature enables a stolen vehicle to be tracked and located 24/7, every day of the year.

Smartnav comes with the following features as standard:

- 3 years' Smartnav Touchscreen routes, upto 100 routes per month
- 3 years' Trackstar Stolen Vehicle Tracking
- 3 years' automatically downloaded live traffic information
- 10 Personal Assistant Smartnav routes
- 3 months' Safe Speed safety camera alerts.

› GRIP CONTROL ESP SYSTEM

Electronic Stability Programme (ESP) with traction control whose functionality can be adapted to driving conditions via a dashboard-mounted dial with 5 different modes: Standard ESP, Snow, All Road, Sand and ESP Off. The Grip Control ESP includes Hill Start Assist function, front passenger airbag, All Road Pack (underbody engine protection and half-cover wheel trims) and Michelin Latitude Tour HP 'Mud and Snow' tyres (205/65 R15), whose suitability for all-terrain use optimises traction on a multitude of surfaces.

› ON-BOARD TRIP COMPUTER

Berlingo's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

› EXTENSO®

The EXTENSO® modular folding passenger bench seat can be configured in three positions, for maximum flexibility:

› EXTENSO® MOBILE OFFICE POSITION

The middle seat folds forward so the area on the back of the middle seat can be used as a writing table with integral retaining strap. There is also a 7.5 litre storage compartment under the middle seat cushion, which can be padlocked for added security (not supplied).

› EXTENSO® RETRACTED POSITION

The outer passenger seat can also be folded forward, and the whole of this seat can then be lowered into the floor. This EXTENSO® feature increases the load length of the Citroën Berlingo by 1200mm and its load volume by 0.4m³, allowing you to load longer items. The back of the seat has a protective metal shell which can support loads of up to 50kg.

› EXTENSO® FOLDAWAY POSITION

Alternatively, the base of the outer passenger seat can be lifted up to meet the seat back, in a similar way to a cinema seat, to create an extra space in the cabin area.

* 625kg models excluding XTR+. ** XTR+ model. *** Other models.
+ 1620mm without sliding side loading doors, 1500mm with one sliding side loading door and 1380mm with twin sliding side loading doors.
All measurements are in millimetres.
